## IMPACT REDUCTION - 75%

Emissions avoided compared to a conventional totem trophy manufactured in China with pressed PMMA (acrylic)

## RECYCLED CONTENT - 88%

The use of recycled materials has been maximized. Such as 100% recycled plastic from residual packaging and iron with a content of between 50 and 75% recycled material.

## NON-TOXIC

The materials used do not contain heavy metals or other hazardous substances. The paint is water-based, non-toxic during use, and suitable for food contact.

Environmental impact analysis carried out by OiKo using the ISO14040 methodology and according to the environmental inventories from the Ecoinvent 3.0 database (2013).
